

Add-What's-Missing Books

Banana's Munch a Bunch: Each banana is a book page. Cut out the banana shapes and use notebook rings to put the book together (the pages are easier to turn). Cut out the words "munch a bunch" and store them in a small zipper baggie. When the children do the activity, they put the words "munch a bunch" in the places they belong as the read along.

When children share this book, they learn about how words look and how they sound.

Fruit Salad: Each page shows different displays of fruit. Cut out the pages along the dotted lines and put them together with notebook rings. The last page contains words and pictures from the song. Cut them out and store them in a zipper baggie. The children put the words (or the pictures) in the blank places as they read through the book.
