

Who  
Am  
I?

I start  
life  
inside  
an egg.

1

My mother  
puts me  
between my  
dad's feet and  
goes to eat in  
the sea.

2

He keeps me  
warm under a  
flap above his  
feet.

3

It is very, very  
cold and windy  
where we live.

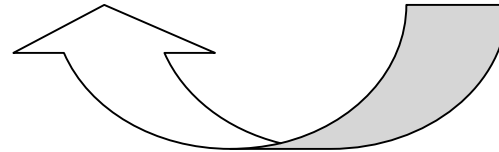

5

After two months I hatch  
and dad and mom feed me.

I will learn to eat fish  
and swim but not to fly!
