

The
End

Whopper Topper
Apple

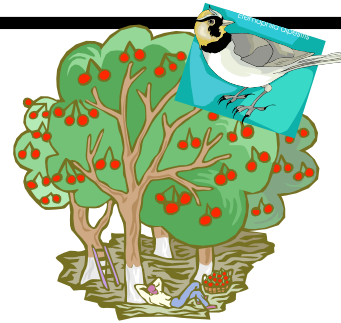

By Sharon MacDonald

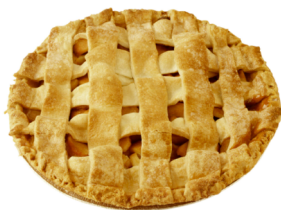

The whopper, topper apple
is big, red, and round.
Picked from a tree that has
a trunk in the ground.

Page 13

With roots down below that
drink water in the dark and
branches up above for birds
like the lark.

Page 2

Whopper, topper apple pie is
very good to eat. It's crunch,
splashy, and it tastes tangy
sweet

Page 11

If you eat a whopper,
topper, which is very good
to do. You'll feel better
'cause an apple's good for
you.
